I have been a Coordinator for about 18 months. I work at Ancrum Outdoor Centre in Dundee and work 37 hours a week. There are 33 Primary Schools in my local authority and 8 mainstream secondary schools. Last year we achieved 100% delivery in these schools and are on course to deliver the same this year.

Earliest memory of cycling?

Learning to ride for the first time. I was let loose in a small car park and was a natural!

What would you say to a school thinking about participating in Bikeability Scotland?

Its great fun, builds confidence in young people and helps promote a culture change towards a more active population.

Best Bikeability Scotland moment?

A 3-second cameo on STV Tayside during a charity led ride with Eastern Primary School.

Most likely to be heard saying....

Who has priority!?
